# PATIENT SUPPORT GROUP

For people affected  
by Pemphigus &  
Pemphigoid

## WHO ARE WE?

PEM Friends provides support and advice to people diagnosed with Pemphigus or Pemphigoid. None of us are experts, but, as a small charity and group of fellow patients or carers, we have a lot of experience and empathy to share.

We send e-mails with news and updates and we can also send paper copies of our magazine, PEM Lives.

Please enter your details on our website to sign-up to receive news and updates.
